

# How we work together.

Everything you need to know about working with me — before you say yes to anything.

## WHAT I DO FOR YOU

### Find the right brands

I approach and vet brands that genuinely match your content — no random irrelevant pitches.

### Negotiate your rates

I know market rates. I negotiate from your floor upward and share the brand's budget before you agree.

### Handle all paperwork

Agreements, usage rights, model releases — signed and documented every time, protecting you fully.

### Manage deliveries & payments

I collect 50% advance before you start. You never chase a payment — I do that for you.

### Clear, complete briefs

You receive a structured brief with format, messaging, deadlines, and dos & don'ts before a single frame is shot.

### Handle revisions & approvals

All feedback goes through me. You get consolidated, clear direction — not a WhatsApp flood from the brand.

## THE DIVISION OF WORK

### YOU FOCUS ON

- Creating great content
- Your creative voice & style
- Meeting the brief deadline
- Disclosure labels on posts
- Growing your audience

### I HANDLE EVERYTHING ELSE

- Finding & pitching brands
- Rates, contracts, agreements
- Revision management
- Payment collection & follow-up
- Usage rights documentation
- ASCI compliance oversight

## YOU ARE MY CLIENT TOO

### *Your rights as a creator I represent*

- **Right to say no**  
I never commit you to a deal without your explicit approval. Every brief is a choice, not a mandate.
- **Right to full transparency**  
You will always know the brand's budget, my commission, and every clause in the agreement before signing anything.
- **Copyright stays with you**  
You retain ownership of everything you create. Brands receive a licence — never full ownership — unless specifically agreed and fairly compensated.
- **Right to your own deals**  
Brands that contact you directly — with no involvement from me — are fully yours. My commission applies only to deals I initiate.
- **Right to exit**  
Our agreement runs on a 6–12 month term with 30 days written notice to exit. No lock-ins, no penalties.
- **Right to creative integrity**  
I will only bring brands that fit your niche and values. I will never ask you to endorse something that conflicts with your audience's trust.

## LEGAL FRAMEWORK — HOW I PROTECT YOU

### COPYRIGHT ACT 1957

**Your content is your IP.** Every agreement clearly defines what the brand can use, on which platforms, for how long, and in which territories. Brands using your content in paid ads need explicit ad-usage rights — we charge a premium for that.

### ASCI GUIDELINES

**Every campaign includes a disclosure brief.** I ensure all content meets the mandatory #Ad, #Sponsored, or #PaidPartnership requirements so you are never exposed to a non-compliance notice. I share the official ASCI guidelines document with you when you join.

### MODEL RELEASE

**Your face and voice are yours.** Model release clauses in every contract define exactly where your likeness can be used — and for how long. No brand can use your image beyond what is signed.

### PAYMENT TERMS

**50% advance before creation begins.** Remaining 50% within 7 days of brand approval. I chase late payments on your behalf. All transactions documented by invoice.

### NON-CIRCUMVENTION

**Protects both of us.** Brands I introduce cannot bypass me to deal with you directly for 12 months. This is standard agency practice and keeps the relationship honest on all sides.

## HOW A TYPICAL DEAL WORKS

### 01 Brand brief received

I receive a campaign brief from the brand and assess whether it fits your niche, values, and schedule.

### 02 Your approval first

I share the brief and brand with you. You review and decide — yes, no, or negotiate. Nothing proceeds without your green light.

### 03 Agreement signed & advance collected

I finalise the contract, clarify usage rights, and collect 50% advance from the brand before you start.

### 04 You create, I manage the process

You shoot and deliver the content to me. I handle brand communication, revision feedback, and approval — keeping it clean and stress-free for you.

### 05 Brand approves, you get paid

Final payment collected and transferred to you within specified days of approval. Every deal closed with a proper invoice trail.

## MY COMMITMENT TO YOU

*"Brands are my clients. But so are you. That's why I will never put a brand's convenience ahead of your rights, your creative voice, or your financial security. Every agreement I place before you will be one I can explain honestly, defend confidently, and stand behind completely."*

— Mohamed Safwaan, Creator Relations
